

We strongly recommend Murdoch Builders for any home project. Having had Matt and his staff perform a near entire renovation of our 1920's Mount Pleasant row house, we've had the pleasure of seeing Matt's magic firsthand.

Matt's work for us has varied, but the result is always the same -- perfection. He built a brand new front porch (a perfect copy of the original) as well as a first floor half bath, kitchen and second level full bath. Throughout, he was able to come up with plans that maintained the integrity of our home. He was also extremely efficient at navigating the maze of DC permit requirements. Although everything looks new, it seems as if it should have been here when the house was first built! His work is meticulous. He has a fine eye for detail. We learned to trust Matt's suggestions one hundred percent and he always helped us make the right decisions. He takes pride in his work and the end product is full proof. We love our house!

Matt and his staff were also remarkably considerate of our home (and our family) throughout the work. All surfaces and rooms were always well protected and they cleaned up at the end of each day. They were a pleasure to have around and we actually missed them when the work was completed! Matt Murdoch is a gem. We simply would never use anyone else again.

Maria and Dan Forman
